○ Ongoing

Submit Form

To update a patient's status or information, you must scan the patient's barcode.

Typing a name will result in multiple entries for the same patient.

* CAREFUL *

Don't forget!
All data stored on KDPH cloud and NEVER on your device so it is HIPAA compliant in a disaster.

8 digit code assigned to each agency

KEY

Contact Vickie Siedel if you don't know your key.

Patient Tracking

Administration Login

Unlike the data entry key, **Admin login** is for incident command to view and edit entries.

PT Tracking Dashboard is for big picture view entries in Real Time.

https://ky.readyop.com/

User ID and Password is the **same for all users at an agency**. Contact Vickie Siedel if you need it reset.

The **Forms tab** allows you to view, edit, and export entries to Excel. This is also the only place to view photos sub-mitted with entries.
